dedication

To Cecil Ringler, our Principal, we respectfully dedicate this issue of the "Indian" for his many years of outstanding service to Chesaning Union High School.

Mr. Ringler has not only guided us educationally but has always willingly and without complaint listened to any problems we might bring before him with a kind and understanding heart.

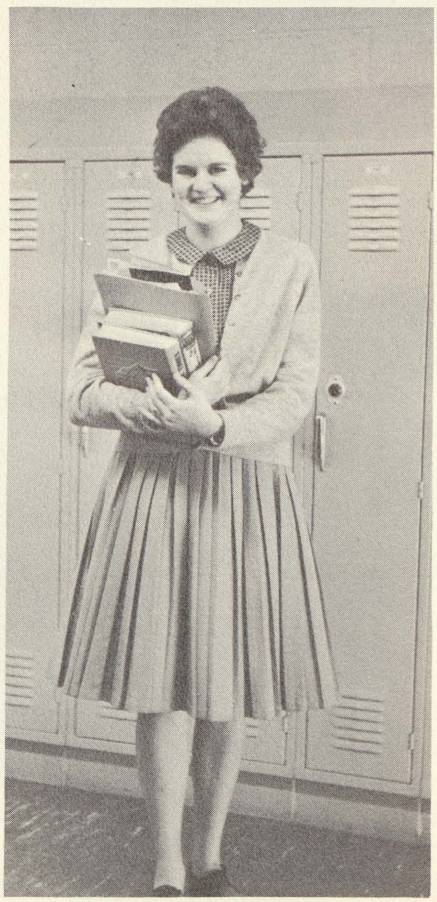
1961 Jeannette E. Hayes

When five members of the same family are graduated from the same high school, that is news. When the fifth graduate is the mother of the first four, that is special news.

Jeannette Hayes, a mother of four and grandmother of three, not satisfied with her eighth-grade education, returned to school at the age of 45. Besides making a home for her husband, Frank, Jeannette has completed four years of high school in three years and will graduate with the class of '61.

Congratulations, Jeannette, on your fine achievement.

BRITT



Britt-Mari Soderberg of Ystad, Sweden, arrived in Chesaning on August 22, 1960 as an exchange student. She will leave on June 27 for her home. Britt states that she has been only a little homesick and that she is sure that it will be much harder to leave Chesaning than it was to leave Ystad.

Britt will graduate from Chesaning Union School in June, but when she gets back to Sweden, she will have three years of high school yet, being given no credit at all for the year that she has spent here.

In comparing school systems, Britt noted one main difference. In the United States, all students who pass the eighth grade may go on to high school. In Sweden, after four or more years in the elementary schools, approximately four from each class of about thirty-five are chosen to go on to high school. The remainder of the students may continue in elementary school for nine years and then go to trade schools.

We hope you have enjoyed your stay here, Britt, just as much as we have enjoyed having you.

ATTENTION: Mr. Harry Hill and Mr. Ivan Kurrle

The members of the 1961 INDIAN staff wish to commend you for the fine job of photography you have done for our yearbook. We want to thank you for all the time, effort, and material you have so generously contributed toward making our book a success. Without the help of people like you a project such as the yearbook would never be possible. We realize that many times both of you have sacrificed precious time and energy to take just the pictures that we wanted.

Again, many thanks for all you have done for us.

The Student Council consists of four Committees; Athletic Planning, School Party, Assembly, and the Civic Service and Safety.

Each Committee has certain duties and jobs to do. The Athletic Planning Committee gets the programs printed for the games and has been working on pennants for the gym. They have also sold "Indian" pins and worked on the distribution of I.D. cards.

The School Party Committee sets up and distributes the monthly school calendar and many other things.

The Assembly Committee brings assemblies to the student body which are entertaining and educational.

The Civic Service and Safety Committee holds locker inspections, checks car registration, has fire drills and is concerned with anything to do with the students.

The Committees usually meet weekly and have a lot to accomplish. Student Council is for the benefit of all the students and with their cooperation it can be very successful.
